## *Planned Service Maintenance Agreements*

*Keeping You Comfortable. Helping You Save.*

You wouldn't buy a new car and never expect to put air in the tires, change the oil and check any unusual noises, would you? Just like a well running car can get the best gas mileage and keep you safe on the road, properly maintained comfort equipment will run more efficiently, safely and keep you comfortable.

Detect issues before they become problems with a preventative maintenance program called PLANNED SERVICE to address your comfort systems performance and safety requirements. It's an agreement between our company and you to make sure your comfort system is inspected, cleaned and adjusted by a qualified technician to ensure it is operating safely and efficiently.

| <b>BENEFITS</b>                      | <b>SAFETY INSPECTION</b> | <b>PERFORMANCE TUNE-UP</b> | <b>PLANNED SERVICE</b> | <b>PLANNED SERVICE PLUS+</b> |
